Present Land Use/Zoning/General Plan Designation:
Institutional

Project Description: *(please use a separate page if necessary)*

The proposed project would establish The Meadows at Bailey Canyon Specific Plan (Specific Plan), which would establish the zoning and development standards to guide future development of single-family residential uses on approximately 9.19 acres of the 17.30-acre project site, and 3.39 acres of open space (including a 3.04-acre neighborhood public park). A 1.04-acre grading and landscape buffer would be located within the northern portion of the project site. In addition to the ministerial lot line adjustment required to consolidate the two lots that make up the project site into one and adjust the site's northern boundary further to the north, the discretionary actions before the City include a proposed General Plan amendment to change the land use designation for the project site from Institutional to Specific Plan, and zone change to change the zoning of the project site from Institutional to Specific Plan. In addition, the proposed project includes dedication to the City of a 35-acre open space area, located on the hillside to the north of the project and the existing Mater Dolorosa Retreat Center.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
