FY 2026/2027 Preparation

As a reminder, we will soon be reviewing the FY 2026/2027 Senior budget and discussing the reorganization of Senior Community Commission roles. Please take some time before the July meeting to think about both topics, including any budget priorities, program needs, and areas where commissioners may want to serve or support the Commission's work moving forward. We will plan to discuss these items together in July.

Sierra Madre Moves

Public Works previously provided an overview of the Sierra Madre Moves program, and the program is now officially active. Sierra Madre Moves is an on demand transportation option offered in partnership with Uber to help eligible community members get around Sierra Madre and access local and regional destinations. Commissioners are encouraged to help share that the program is now available and direct residents to sierramadrecalifornia.gov/moves for additional information.

Community Outreach

Please continue reaching out to your local contacts and neighborhood gathering places such as schools, nonprofit organizations, clubs, and faith based groups that may have interest in our senior programming. Your outreach can help raise awareness, spark new partnerships, and

Senior Management Analyst James Carlson: Transportation Update

Senior Management Analyst James Carlson provided a brief history of the City's transportation program. The City Council appointed an ad hoc committee to develop a Request for Proposals (RFP) to solicit bids from transportation providers capable of supplying their own vehicles and operating within the funding available to the city each year.

The local transportation program is funded through County Metro Proposition A Local Transportation Funds. In response to the RFP, the city received two proposals. One of the companies did not meet the qualifications required to provide the service. The second proposal was submitted by the City's existing

transportation provider, Transdev; however, the proposed costs were significantly higher than anticipated.

As a result, the city decided to issue a second RFP in hopes of attracting additional proposals. During this process, Uber contacted the city and presented information regarding transportation services that could be offered to residents. After extensive discussions and evaluation of available options, the city ultimately decided to partner with Uber for its local transportation program.

Senior Management Analyst James Carlson provided a detailed explanation of how the Uber transportation program will operate. The new service is scheduled to launch on June 1.

Commissioner Chaure asked whether the Uber app could be used to access Uber transportation service. Senior Management Analyst James Carlson responded that the Uber app may be used and is available to anyone wishing to utilize the service.

Commissioner Friedman asked whether the transportation program could be expanded in the future. Senior Management Analyst James Carlson stated that there is always the possibility for expansion, depending on available funding, demand, and programming needs.

Senior Management Analyst James Carlson shared examples of marketing flyers from various cities to illustrate how transportation programs have been promoted and communicated to residents.

Chair Heydorff asked whether Uber training on the app would be provided. Senior Management Analyst James Carlson responded that training would be available to assist users with accessing and navigating the app.

5. REPORT FROM CITY COUNCIL LIAISON

Councilmember Kriebs noted that Councilmember Garcia was attending a conference and was therefore unable to be present. She also commended Senior Management Analyst James Carlson for providing a thorough and informative overview of the City's transportation program and presentation.

6. REPORT FROM COMMISSIONERS OF CITY BUSINESS

Chair Heydorff: reported that the Walk in the Park program continues and noted that four people attended this morning. He also attended the Honors Dinner; Spring Social and both events were great. He is looking forward to the Senior Excursion to the Metro Train Station.

Chair Heydorff further reported that he attended the transportation meeting on April 29 and believes the new transportation program will be a significant benefit to the City's senior residents.

Vice Chair Carney: reported having a relatively quiet month. She stated that she has been working on a Meals on Wheels program and attended the Honors Dinner.

Commissioner Chaure: reported attending the Spring Social, which she described as a very enjoyable event with good food and an opportunity to meet new people. She also attended the Kensington Lunch and Learn program on brain health at the Hart Park House, as well as the Honors Dinner.

Commissioner Chaure announced that Kensington will host an "Exploring CBD: A Guide to Wellness" class on July 14 from 12:00 p.m. to 1:00 p.m., with lunch provided. She also noted that, in partnership with the city, a Basic CPR class will be offered on May 30 from 10:00 a.m. to 11:00 a.m.

Commissioner Friedman –thanked Commissioner Chaure and Kensington for their ongoing service and commitment to the community. He also reported meeting with Foothill Home regarding ways to assist seniors with their medical and healthcare needs.

Commissioner Khadour – reported having a relatively quiet month. She noted that she attended the Honors Dinner and enjoyed the event.

7. REPORT FROM COMMUNITY SERVICES SUPERVISOR

Community Services Supervisor Tegart presented the staff report and provided commissioners with event flyers for upcoming programs and activities.

Community Services Supervisor Tegart also reported that staff is currently looking into consultants for the Master Plan project. As the fiscal year ends, staff will also present the Commission with a budget allocation report for review and discussion.

8. REPORT FROM COMMUNITY SERVICES STAFF

Recreation Coordinator II Lopez presented the Senior Program Update Report. She reported that staff has ordered badges, nameplates, and Rock Concert shirts.

Recreation Coordinator II Lopez announced that the senior excursion to Union Station is scheduled for May 12. She also noted that the June excursion is scheduled for Thursday, June 25, and will be a trip to Morongo Casino. Registration is currently open for both excursions.

Recreation Coordinator II Lopez further reported that Dane Linton has been ill and, as a result, the Older Americans Reception will likely be rescheduled. She stated that staff will keep the Commission informed of any updates regarding the event. The Older American recognition at the City Council meeting will proceed with or without his participation.

9. REPORT FROM THE SIERRA MADRE HISTORICAL PRESERVATION SOCIETY

Library and Community Services Director Arciero reported that the Sierra Madre Historical Preservation Society (SMHPS) gave a presentation on the Mount Wilson Trail Race (MWTR) on April 22, 2026, at the Hart Park House, attended by 65 participants. The organization is still awaiting authorization to proceed with the construction bidding process. No additional events are currently scheduled, aside from hosting an information booth at the Mount Wilson Trail Race. Library and Community Services Director Arciero also announced the Sierra Madre Library Grand Opening, which will take place on Saturday, June 6, 2026.

10. PUBLIC COMMENT FOR ITEMS NOT ON THE AGENDA

Recreation Coordinator Il Lopez noted that the city received one public comment card.

Mark Bugayong of Home Instead thanked the Commission for its dedication and work on behalf of seniors in the community. He stated that he attended the meeting to raise awareness of resources available to the older population. These resources include home care services and placement agencies. Mr. Bugayong also mentioned that the resource book available at the Hart Park House is outdated, with the most recent edition covering 2022–2023. He explained that some organizations listed in the guide are no longer active, while several currently active resources are not included. He expressed his interest in assisting with updating the resource information to ensure that Sierra Madre seniors have access to the most current and accurate resources available.
